

CUSTOM GALLERY - WALL MOUNTED

PROJECT: Rullman Residence - Healdsburg, CA

ARCH: Yuill-Thornton/Brady

SPEC No: 7D-2145 & 5D-2143 (2008)

The lanterns for this custom residence use brass bar and sheet to create a finely detailed look. The hand oxidized finish and art glass add to the distinctive look. Lamping is compact fluorescent.

The half-pyramid upright sconces were dimensioned to follow the slope of the roof. Finish is hand oxidized bronze, with dimmable CF lamping.
