

LIGHTING FOR HOSPITALITY

M718-LED

551

5D-3007

Project: Hotel Paradox
Santa Cruz, CA

December
2012

Architect: Arris Studio Architects
San Luis Obispo, CA

Interior Design: ODADA
San Francisco, CA

Ltg Design: Luminae Souter
San Francisco, CA

This new boutique hotel in Santa Cruz was created in a major renovation of existing motel. The clean, contemporary look evokes the central coast beach location.

Borden Lighting's ability to provide custom, modified and standard fixtures contributed to the overall aesthetic. We provided the custom linear and bed lamps in each room, the standard wall mounted fixtures in the corridors and modified standard bollard fixtures for the landscape.

Linear Wall: 5D-3005

Bed Lamp: 5D-3007
