FEATURES

- ADA compliant.
- Available for CF or LED

ECO INFO

METALS: Aluminum parts have the highest available recycled content for lower embodied energy. All metals are valuable and recyclable at the end of the product's useful life. For more information see "GENERAL INFO"

FINISHING: Solid, natural metal finishes are sealed with a hand-applied bees wax. No paint or lacquer is used in order to avoid pollution associated with the manufacture and application of these substances. Clear coat finishes are available. Paint finishes are low VOC and oven cured.

ENERGY: Designed exclusively for compact fluorescent lamps using HPF electronic ballasts or LEDs.

MATERIALS

- Solid aluminum metalwork, hand finished.
- Luminous shield is extruded white acrylic with a matte finish.
