BALLAST/DRIVER

CF: Integral electronic HPF, 120V/277V.

LED A-lamp: Electronic driver is built into the lamp, 120V only.

523 LED: Integral driver is 120/277V and 0-10V dimmable.

ECO INFO

METALS: Sand cast mounting back is made from 100% recycled aluminum. Other aluminum and brass parts have the highest available recycled content for lower embodied energy and are valuable and recyclable at the end of the product's useful life. For more information see "GENERAL INFO"

FINISHING: Solid, natural metal finishes are sealed with a hand-applied bees wax. No paint or lacquer is used in order to avoid pollution associated with the manufacture and application of these substances. Clear coat finishes are available. Paint finishes are low VOC and oven cured.

ENERGY: Designed exclusively for compact fluorescent lamps using HPF electronic ballasts or LEDs.
